

Activity 5 – My Safe Schools Declaration

Finally, young people could review the full range of risks facing children at schools and write their own safe schools declaration. The Safe Schools Declaration focuses on protecting students, teacher and schools during armed conflicts. However, many children also face dangers and risks, including violence, outside periods of armed conflict.

- Does the Safe Schools Declaration provide protection for all children in danger?
- Have any important priorities been left out of the Safe Schools Declaration?

MY SAFE SCHOOLS DECLARATION
